**Present Rate Schedules**

Schedule No. 1  
GENERAL METERED SERVICE

APPLICABILITY

Applicable to all metered water service.

TERRITORY

The area is Southeast San Jose, East of Snell Road and South of Hellyer Park.

RATES

Quantity Rates:	Per Meter Per Month	
For all water delivered, per 100 Cu. Ft.	\$ 3.4902	(I)
Service Charge:		
For 5/8x3/4-inch meter	\$ 16.69	(I)
For 3/4-inch meter	25.03	(I)
For 1-inch meter	41.72	(I)
For 1 1/2-inch meter	83.43	(I)
For 2-inch meter	133.49	(I)
For 3-inch meter	250.30	(I)
For 4-inch meter	417.17	(I)
For 6-inch meter	834.33	(I)
For 8-inch meter	1,334.94	(I)
For 10-inch meter	1,918.97	(I)
For 12-inch meter	2,753.51	(I)

The Service Charge is a readiness-to-serve charge which is applicable to all metered service and to which is to be added the charge for water used computed at the Quantity Rates.

SPECIAL CONDITIONS

1. The Santa Clara Valley Water District requires the customer to certify the water is used to irrigate commercial agricultural crops for sale to qualify for this rate. It is an express condition of this Irrigation Service that the customer cooperates in making the necessary certification to the Water District.
2. The Santa Clara Valley Water District has surcharges or discounts applicable to water used to irrigate commercial agricultural crops if the customer/farmer participates in the Water District's special programs. These surcharges or discounts are applied per Acre Ft., are granted or imposed by the Water District each month based on the customer/farmer's level of participation, and will be passed through by the Company each month to the customer/farmer.
3. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
4. To provide funding for the Utility's Customer Assistance Program (formerly LICAP), as described in Tariff Rule 22, a surcharge of \$0.1194 will be added to the Quantity Charge for all water sold to non-LICAP participants on and after July 1, 2021. (I)  
|  
(I)
5. Customers who receive water deliveries for agricultural purposes under this schedule, and who present evidence to the Utility that such deliveries qualify for the lower pump tax rates levied by the Santa Clara Valley Water District for agricultural water, shall receive a credit of \$2.3350 per 100 cu.ft. used during the period covered by that bill on and after July 1, 2019. Schedule No. 4  
PRIVATE FIRE PROTECTION SERVICE

APPLICABILITY

Applicable to all metered water service.

TERRITORY

The area is Southeast San Jose, East of Snell Road and South of Hellyer Park.

RATES

Per Month

For each 2-inch diameter service connection	\$ 18.23	(I)
For each 4-inch diameter service connection	29.73	(I)
For each 6-inch diameter service connection	44.73	(I)
For each 8-inch diameter service connection	60.09	(I)
For each 10-inch diameter service connection	76.71	(I)
For each 12-inch diameter service connection	99.08	(I)
		(D)

SPECIAL CONDITIONS:

1. The fire protection service connection will be installed by the utility and the cost paid by the applicant. Such cost shall not be subject to refund.
2. The minimum diameter for fire protection service shall be two inches, and the maximum diameter shall not be more than the diameter of the main to which the service is connected.
3. If a distribution main of adequate size to serve a private fire protection system in addition to all other normal services does not exist in the street or alley adjacent to the premises to be served, then a service main from the nearest existing main of adequate capacity shall be installed by the utility and the cost paid by the applicant. Such payment shall not be subject to refund.
4. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, and installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Board of Fire Underwriters for protection against theft, leakage or waste of water, and the cost paid by the applicant. Such payment shall not be subject to refund.
5. The utility will supply only such water at such pressure as may be available from time to time as a result of its normal operation of the system.
6. All bills within the City of San Jose are subject to a 2% Franchise Fee imposed by the City of San Jose on all customers within the City limits. The Franchise Fee is not in addition to the rates set forth on this Schedule No. 4, but are already included in the rates.
7. All bills are subject to the reimbursement fee set forth in Schedule No. UF.

Schedule No. 9C

**CONSTRUCTION FLAT RATE SERVICE**

**APPLICABILITY**

Applicable to all portable metered water service furnished for construction and other temporary purposes.

(T)  
(T)

**TERRITORY**

The area in Southeast San Jose, East of Snell Road and South of Hellyer Park.

**RATES**

Currently effective monthly service charge for the applicable 1-inch and 3-inch meter and quantity rates listed in Schedule No. 1, General Metered Service, will apply to service furnished under this schedule.

(T)  
|  
(T)

**SPECIAL CONDITIONS:**

1. To obtain water service under this schedule, an applicant must first apply for and obtain written permission from the utility.
2. Applicant will be required to deposit with the utility the amount shown in the table below which corresponds to the size and type of meter used.

(N) (I)

Meter Size and Type	Refundable Deposit
1-inch	\$ 242.60
1-inch (Remote Read)	\$ 670.16
3-inch	\$1,657.26
3-inch (Remote Read)	\$2,084.82

The refundable deposit is based on two times the cost of the applicable meter. The refundable deposit is less (a) the cost of any repairs other than those due to normal depreciation and (b) any outstanding unpaid water bills, and will be returned to the customer upon return of the meter to the utility.

3. On the last working day of each month, the customer shall call in or mail in (post-marked) to the utility the readings on the meter or meters under permit to the customer. All such read information must contain the meter number and reading as of the last working day of the month. The utility shall bill the customer monthly under its General Metered Service (Schedule No. 1) on the basis of such reading. Failure to so notify the utility for a period in excess of 60 days will result

# SLIP/SUB SHEET

GREAT OAKS WATER COMPANY  
San Jose, California

(Original) Cal. P.U.C. Sheet No. 768-W  
Canceling Cal. P.U.C. Sheet No.

Schedule No. 14.1  
**MANDATORY WATER CONSERVATION**  
**SUPPLEMENT**

(N)

**A. APPLICABILITY**

1. This schedule applies to all metered water service. For purposes of this tariff, the term "customer" is defined as a service connection. It is only effective in times of mandatory rationing, as required by Rule No. 14.1, and only for the period noted in the Special Conditions section below.
2. This schedule shall remain dormant until a specific stage is activated by Commission authorization of a Tier 2 advice letter.
3. When a particular stage of this schedule is activated, the period over which it shall be effective will be added to the tariff language.

**B. TERRITORY**

1. This Schedule is applicable within the entire territory served by the utility.

**C. STAGES OF MANDATORY CONSERVATION MEASURES**

1. Stage 1: When mandatory conservation measures are ordered or otherwise declared by an authorized government agency or official, the conservation measures pertaining to non-essential or unauthorized water use listed in Rule No. 14.1 become mandatory. The Utility shall also provide notice to its customers by newspaper publication or bill insert, and such notice shall provide the effective date of such mandatory conservation measures.

When such conservation measures pertaining to non-essential or unauthorized water uses listed in Rule No. 14.1 become mandatory pursuant to this Stage, such non-essential or unauthorized water uses are deemed to be a waste of water and shall be subject to the provisions of Rule No. 11 for waste of water.

2. Stage 2: Water supply is reduced 10.01% - 20.00%, water conservation of 10.01% - 20.00% has been ordered by an authorized government agency or official, or water restrictions at Stage 1 have not been effective in reducing water usage to the prescribed level.
3. Stage 3: Water supply is reduced 20.01% or more, water conservation of 20.01% or more has been ordered by an authorized government agency or official, or water restrictions at Stage 2 have not been effective in reducing water usage to the prescribed level.

Decision No. Res. W-4976; Res. W-5034

Decision/Resolution No.

Schedule No. 14.1  
MANDATORY WATER CONSERVATION  
(continued)

D. MANDATORY WATER USE RESTRICTIONS AT EACH STAGE

1. In addition to the water use restrictions listed in the Utility's Rule No. 14.1 – Section A (Conservation – Non-Essential or Unauthorized Water Use), which become mandatory restrictions when any Stage of Schedule No. 14.1 is activated, the following mandatory excess water use restrictions apply to water usage at each stage of mandatory conservation measures. These reduced usage levels shall be determined based upon either historical average customer usage for a defined time period, average customer class usage for a defined time period, or another method that accounts for historical customer conservation efforts:

- a. Stage 1: Customer usage reduced by 90.00% to 99.9% of specific level
- b. Stage 2: Customer usage reduced to 80.00% to 89.99% of specified level
- c. Stage 3: Customer usage reduced to 79.99% or less of specified level

E. UNAUTHORIZED USE SURCHARGES

1. When a Stage of this Schedule No. 14.1 has been activated with Commission authorization, the water use restrictions of Section A of Rule No. 14.1, as well as those listed in Section D of this Schedule No. 14.1 become mandatory. If a customer violates such water use restrictions, as set forth in Section A of Rule No. 14.1 and in the Section H. Special Conditions of this Schedule No. 14.1, the customer will be subject to the following Unauthorized Use Surcharges:

- a. First Offense: Written warning mailed to customer.
- b. Second Offense (same restriction): \$25.00 Unauthorized Use Surcharge.
- c. Each Additional Offense (same restriction): \$25.00 more than previous Unauthorized Use Surcharge.

2. Offenses for separate water use restrictions will go through the same progressive levels as provided in subsection 1, above.

F. DROUGHT ALLOCATIONS AND EXCESS USAGE SURCHARGES

1. For all potable water customers, the Drought Allocation is based upon individual customer usage in 2013, the base year applicable to this Schedule No. 14.1, less the percentage of conservation required, as determined by appropriate state and/or local authorities. For this Schedule No. 14.1, the percentage of conservation required is twenty percent (20%), making the Drought Allocation equal to eighty percent (80%) of individual customer usage in 2013.

Vice President and General Counsel  
TITLE

Effective 7-25-2016

Decision/Resolution No. \_\_\_\_\_

Schedule No. 14.1  
**MANDATORY WATER CONSERVATION**  
(continued)

2. In recognition that some single-family residential customers conserve water at all times, not just in times of drought, a minimum Drought Allocation has been established of 7 ccf per month (5,236 gallons per month) for this Schedule No. 14.1. In practice, if the Drought Allocation for a single-family residential customer based upon actual 2013 usage calculates to less than 7 ccf per month, that customer's Drought Allocation will be set at 7 ccf per month pursuant to this minimum Drought Allocation procedure.

3. In recognition that some single-family residential customers do not have an established 2013 history of usage, the following table shows the Drought Allocations that will be applied to those single-family residential customers without an established 2013 history of usage.

Drought Allocations for Single-Family  
Residential Customers Without 2013 Usage History  
(all values in ccf)

January	7	July	12
February	7	August	13
March	7	September	12
April	7	October	10
May	9	November	9
June	11	December	8

5. If a customer exceeds an applicable Drought Allocation, the customer shall be subject to the following Excess Usage Surcharge:

For usage over the applicable Drought Allocation (i.e., the amount of excess usage), the customer shall be charged two-times the Schedule No. 1 quantity rate for all water delivered, per 100 Cu.Ft.

6. Excess Usage Surcharges shall be in addition to all other charges for water service. Customers participating in the Utility's Low Income Customer Assistance Programs shall be entitled to a 50% reduction in Excess Usage Surcharges upon written request.

7. If a customer exceeds an applicable Drought Allocation in three consecutive billing periods, in addition to the Excess Usage Surcharges for such violations, the Utility may install a flow-restricting device on the customer's service line, subject to the following conditions:

a. The flow-restricting device shall be capable of providing a minimum of 3 ccf per person per month to the service residence, based upon the actual or estimated number of persons living in the service residence. A flow-restricting device shall not be installed if doing so would violate fire flow requirements.

Cal. P.U.C. Sheet No. 771-W  
Cal. P.U.C. Sheet No. \_\_\_\_\_

## SUPPLEMENT Schedule No. 14.1 MANDATORY WATER CONSERVATION (continued)

b. The flow-restricting device may only be removed by the Utility and only after a minimum three-day period.

c. Any tampering with the flow-restricting device may result in the discontinuation of the customer's water service and the customer being charged for any damage to the Utility's equipment or facilities and any required service visits.

d. After removal of the flow-restricting device, if the Utility verifies that the customer is using potable water for non-essential or unauthorized uses as listed in Rule No. 14.1, the Utility may install another flow-restricting device without prior notice to the customer. This flow-restricting device shall remain in place until water supply conditions warrant its removal. If, despite the installation of the flow-restricting device, the Utility verifies that the customer is using potable water for non-essential or unauthorized uses as listed in Rule No. 14.1, then the Utility may discontinue the customer's water service as provided in Rule No. 11.

### G. FLOW-RESTRICTING DEVICE CHARGES

The charge for removal of a flow-restricting device installed for a waste of water shall be:

Meter Size	Removal Charge
5/8" to 1-inch	\$ 45.00
1 1/2-inch to 2-inch	\$ 90.00
3-inch and larger	Actual cost

### H. SPECIAL CONDITIONS

1. This Schedule No. 14.1 shall remain in effect until the Utility files a Tier I advice letter to deactivate a particular Stage or the Schedule in its entirety.

2. Unauthorized Use and Excess Use Surcharges must be separately itemized on each bill.

3. Surcharges under this Schedule are subject to the reimbursement fee set forth on Schedule No. UF.

4. All amounts collected by the Utility through drought surcharges shall not be accounted for as income, but shall be recorded to the Utility's authorized Conservation Lost Revenue and Expense Memorandum Account to offset either revenues lost due to conservation or conservation expenses incurred by the Utility. All expenses incurred by the Utility to activate

Schedule No. 14.1  
**SUPPLEMENT MANDATORY WATER CONSERVATION**  
 (continued)

Rule No. 14.1 and Schedule No. 14.1 that have not been considered in a General Rate Case or other proceeding, shall be recorded in an appropriate memorandum account for disposition as authorized by the Commission. Lost revenues associated with reduced sales as a result of activation of either Tariff Rule No. 14.1 or Schedule No. 14.1 for the Utility shall be tracked and recorded in a memorandum account as authorized by the Commission.

5. No customer shall use Utility-supplied water for non-essential or unauthorized uses, including but not limited to:

- a. Use of potable water for more than minimal landscaping, as defined in the landscaping regulations of the jurisdiction or as described in Article 10.8 of the California Government Code in connection with new construction;
- b. Excessive use of water: When a utility has notified the customer in writing to repair a broken or defective plumbing, sprinkler, watering, or irrigation system and the customer has failed to effect such repairs within five business days, the utility may install a flow restriction device;
- c. Use of potable water that results in flooding or runoff in gutters or streets;
- d. Individual private washing of cars with a hose except with the use of a positive action shut-off nozzle. Use of potable water for washing commercial aircraft, cars, buses, boats, trailers, or other commercial vehicles at any time, except at commercial or fleet vehicle or boat washing facilities operated at a fixed location where equipment using water is properly maintained to avoid wasteful use;
- e. Use of potable water for washing buildings, structures, driveways, patios, parking lots, tennis courts, or other hard-surfaced areas, except in the cases where health and safety are at risk;
- f. Use of potable water to irrigate turf, lawns, gardens, or ornamental landscaping in violation of local ordinances or government-imposed outdoor watering restrictions;
- g. Use of potable water for street cleaning with trucks, except for initial wash-down for construction purposes (if street sweeping is not feasible), or to protect the health and safety of the public;
- h. Use of potable water for construction purposes, such as consolidation of backfill, dust control, or other uses unless no other source of water or other method can be used;
- i. Use of potable water for street cleaning, unless for reasons of health and safety;

Canceling \_\_\_\_\_ Cal. P.U.C. Sheet No. \_\_\_\_\_

Schedule No. 14.1

## SUPPLEMENT MANDATORY WATER CONSERVATION (continued)

j. Operation of commercial car washes without recycling at least 50% of the potable water used per cycle;

k. Use of potable water for watering outside plants, lawn, landscape, and turf areas in violation of applicable state or local ordinances when this Schedule is in effect;

l. Use of potable water for decorative fountains or the filling or topping off of decorative lakes or ponds in violation of applicable state or local ordinances. Exceptions are made for those decorative fountains, lakes, or ponds that utilize recycled water;

m. Use of potable water for the filling or refilling of swimming pools in violation of applicable state or local ordinances;

n. Service of water by any restaurant except upon the request of a patron; and

o. Use of potable water to flush hydrants, except where required for public health or safety.

### I. APPEAL PROCEDURE

1. Any customer who seeks a variance from any of the provisions of this Schedule No. 14.1 shall notify the Utility in writing, explaining in detail all reasons for the requested variance and submitting any evidence the customer wants the Utility to consider related to the requested variance. The Utility shall respond to any such request in writing.

2. If the customer disagrees with the Utility's decision on the requested variance, the customer may file a complaint with the California Public Utilities Commission.

3. Except as set forth in this section, no person shall have any right or claim in law or in equity against the Utility or any of its employees or the California Public Utilities Commission for any action taken or threatened under the provisions of this Schedule No. 14.1.

Decision No. Res. W-4976; Res. W-5034

Decision/Resolution No. \_\_\_\_\_

Schedule No. UF

**SURCHARGE TO FUND  
PUBLIC UTILITIES COMMISSION  
UTILITIES REIMBURSEMENT ACCOUNT USER FEES\***

**APPLICABILITY**

This surcharge applies to all water and sewer bills rendered under all tariff rate schedules authorized by the Commission, with the exception of resale rate schedules where the customer is a public utility.

**TERRITORY**

This Schedule is applicable within the entire service territory served by the utility.

**RATES**

A 1.43% surcharge shall be added to all customer bills.

(I)

\*In 1982, the Legislature established a Public Utilities Commission Reimbursement Fee to be paid by utilities to fund their regulation by the Commission (Public Utilities (PU) Code Sections 401-443). The surcharge to recover the cost of that fee is ordered by the Commission under authority granted by PU Code Section 433.

Schedule No. 4  
PRIVATE FIRE PROTECTION SERVICE

APPLICABILITY

Applicable to all metered water service.

TERRITORY

The area is Southeast San Jose, East of Snell Road and South of Hellyer Park.

RATES

Per Month

For each 2-inch diameter service connection	\$ 19.67	(I)
For each 4-inch diameter service connection	32.03	(I)
For each 6-inch diameter service connection	48.31	(I)
For each 8-inch diameter service connection	64.81	(I)
For each 10-inch diameter service connection	82.67	(I)
For each 12-inch diameter service connection	106.56	(I)

SPECIAL CONDITIONS:

1. The fire protection service connection will be installed by the utility and the cost paid by the applicant. Such cost shall not be subject to refund.
2. The minimum diameter for fire protection service shall be two inches, and the maximum diameter shall not be more than the diameter of the main to which the service is connected.
3. If a distribution main of adequate size to serve a private fire protection system in addition to all other normal services does not exist in the street or alley adjacent to the premises to be served, then a service main from the nearest existing main of adequate capacity shall be installed by the utility and the cost paid by the applicant. Such payment shall not be subject to refund.
4. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, and installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Board of Fire Underwriters for protection against theft, leakage or waste of water, and the cost paid by the applicant. Such payment shall not be subject to refund.
5. The utility will supply only such water at such pressure as may be available from time to time as a result of its normal operation of the system.
6. All bills within the City of San Jose are subject to a 2% Franchise Fee imposed by the City of San Jose on all customers within the City limits. The Franchise Fee is not in addition to the rates set forth on this Schedule No. 4, but are already included in the rates.
7. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
