

RULE NO. 11
DISCONTINUANCE AND RESTORATION OF SERVICE

A. Customer's Request for Discontinuance of Service

1. A customer may have service discontinued by giving not less than two days' advance notice thereof to the utility. Charges for service may be required to be paid until the requested date of discontinuance or such later date as will provide not less than the required two days' advance notice.
2. When such notice is not given, the customer may be required to pay for service until two days after the utility has knowledge that the customer has vacated the premises or otherwise has discontinued water service.

(N)

B. Discontinuance of Service by Utility

1. For Nonpayment of Bills

- a. Past-Due Bills. When bills are rendered monthly or bimonthly, they will be considered past due if not paid within 19 days from the date of mailing.

- (1) Residential Service. For purposes of this rule, residential service means water service to a residential connection that includes single-family residences, multifamily residences, mobilehomes, including, but not limited to, mobilehomes in mobilehome parks, or farmworker housing. When bills are rendered monthly or bimonthly, they will be considered past due if not paid within 19 days from the date of mailing. The utility shall allow every residential customer a total of 79 days from the date of mailing its bill for services, postage prepaid, to make payment of the bill prior to discontinuance of service. The utility shall not discontinue residential service for nonpayment of a delinquent account unless the utility first gives notice of the delinquency and impending discontinuance, in conformance with Rule No. 8.A.3., which establishes notice periods ranging from 7 to 15 days, depending on the occupancy type. The utility will provide notices timely to ensure that the applicable notice period is included in the total 79-day period referenced above and does not provide additional time to pay.

- (2) All Other Service. The utility shall not discontinue nonresidential service for nonpayment of a delinquent account unless the utility first gives notice of the delinquency and impending discontinuance in conformance with Rule No. 8.A.4.

b. When a bill for water service has become past due and a discontinuance of service notice for nonpayment has been issued, service may be discontinued if bill is not paid in full (or alternative payment arrangements acceptable to the utility have not been made) within the time required by such notice. The customer's service, however, will not be discontinued for nonpayment until the amount of any deposit made to establish credit for that service has been fully absorbed.

c. Petition for Utility Review.

(1) Any customer (or adult occupant of a residential service address) may petition the utility for review of a bill for water service in accordance with Rule Nos. 5 and 10.

(2) Such customer shall not have the water service discontinued for nonpayment during the pendency of an investigation by the utility of a complaint or request and shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the utility, if:

- (i) The customer who has initiated a billing complaint or requested an investigation within 5 days of receiving a disputed bill, or

If a customer fails to comply with an installment payment agreement the utility will give a discontinuance of service notice no less than 5 business days before discontinuing such service, but such notice shall not entitle the customer to further investigation or alternative payment arrangements by the utility.

- h. Where the owner, manager, or operator of the dwelling, structure, or park is listed by the utility as the customer of record, and water service is provided to residential occupants in a detached single-family dwelling, a multi-unit residential structure, mobilehome park, or permanent residential structure in a labor camp the utility will make every good faith effort to inform the residential occupants, by written notice in conformance with Rule No. 8.A.3.b.

(1) Where said occupants are individually metered.

The utility is not required to make service available to these occupants unless each user agrees to the terms and conditions of service and meets the requirement of the law and the utility's rules and tariffs.

However, if one or more occupants are willing and able to assume responsibility for subsequent charges by these occupants to the account to the satisfaction of the utility, or if there is a practical physical means, legally available to the utility of selectively providing services to these occupants who have met the requirements of the utility's rules and tariffs, the utility will make service available to these occupants.

For these selected occupants establishment of credit may be as prescribed in Rule No. 6, except that where prior service for a period of time is a condition for establishing credit with the utility, proof that is acceptable to the utility of residence and prompt payment of rent or other credit obligation during that period of time is a satisfactory equivalent.

(2) Where said occupants are master metered.

The utility is not required to make service available to these occupants unless each occupant agrees to the terms and conditions of service, and meets the requirements of the law and the utility's rules and tariffs and the following:

The same Rule No. 11, item B.1.h. (1) above which applies to individually metered occupants also applies to master metered occupants, except a representative may act on the behalf of a master metered occupant, and the utility will not discontinue service in any of the following situations:

- (a) During the pendency of an investigation by the utility of a master-meter customer dispute or complaint.

i. Residential Customer's Remedies Upon Receipt of Discontinuance Notice for Nonpayment.

(1) If upon receipt of a discontinuance notice, a residential customer is unable to pay, she or he must contact the utility before discontinuance of service to make payment arrangements to avoid discontinuance of service. Information pertaining to alternative payment options and other options for averting discontinuation of residential service for nonpayment will be provided on the discontinuance notice as described in Rule No. 5 or can be obtained by calling 408-227-9540.

If the customer is not satisfied with such resolution, such customer may file, within ten business days after the date of the CAB's letter, a formal complaint with the Commission under Public Utilities Code Section 1702 on a form provided by the CAB.
